TO WHOM IT MAY CONCERN:

Shirley & Son, Inc. is a family owned and operated business specializing in turnkey concrete and masonry. We at Shirley & Sons have been completing quality concrete and masonry project across the Southeastern region for the past 25 years. Being a family owned business we pride ourselves in being a quality contractor with an eye for detail, especially in our concrete applications. During the past decade we have relied on Clemmer Brother's Concrete for all of our concrete finishing needs. Having two generations of concrete finishing behind them Richard and Terry Clemmer have developed finishing techniques, that give Shirley & Son, Inc. the quality finish we expect for our projects. Whether it be hard trowel finish, broom finish, or the most decorative walks CBC has maintained the level of quality and professionalism no matter the size of the project in all applications . In today's competitive market performance and quality means repeat business. Our clear choice is CBC for all our concrete finishing needs.

Sincerely

Jaye M. Shirley  
President
